DETAILED ACTION

REASONS FOR ALLOWANCE

1. Claims 1-6 are allowed over the prior art of record.

2. The following is an examiner's statement of reasons for allowance:

The applicant's Remarks filed on 08/30/2004 have been carefully reviewed with update search. Consequently, the reasons for allowance of claims 1-4 are set forth in according to the applicant's remarks stated on pages 3-6.

Regarding claim 5, the prior art made of record fails to teach or suggest, the logical sequential steps of a method of a digital canceller that is suitable for a full duplex digital transceiver and is used to cancel an echo signal, with a first receiving end connected to a second receiving end by the cable, and the first receiving end transmits an input signal as recited in the independent claim 5.

3. Applicant timely filed terminal disclaimer on 12/27/2004 to overcome the obvious-type double patenting rejection, thus placing the claims into condition for allowance.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
